

## MODIFICATION USER INSTRUCTIONS

### 4G Router Modification Instructions:

#### Warranty Notes:

- This modification voids all warranty rights with manufacturer and therefore shall not be returnable under warranty to the manufacturer.
- Do not open the unit once modified, doing so may damage the new antenna outputs. Any attempt to open the unit causing damage to the outputs are a chargeable repair.

#### Antenna notes:

- Please note this modification has converted the internal antennas to external antennas.
- The internal antennas are no longer functional as they are now converted for external antenna use.

#### Software Configuration:

- There has been No firmware/software adaptations to the router during the modification process.
- During testing of the modification, the router will have been restored to factory default setting, any setting that were previously on the unit have been lost.
- (if your unit has factory antenna outputs) Please ensure within the router login page, you have selected "use internal antenna" this ensure the use the new modified antenna outputs.

**This modification will allow the use of the new external inputs in any of the below configurations.**
